THE ZINA OF THE HARAAM ZINA CONFERENCE OF THE MUDHILLEEN NNB JAMIAT MOLVIS

A person informs of the following ZINA feature of the illegitimate progeny of Shaitaan - molvis of the NNB jamiat and all those who organized and promoted the Zina event:

I have listened to a recording of a programme at the conference. The hosts pointed it out that it is Haraam to celebrate birthdays yet they went on with celebrating a birthday of another host. It was mentioned to me that one of the hosts wore no scarf, being a muslim herself. There was a sexual programme where woman and men were sitting together in a small room listening to intimate discussions from Molana Kharsany and Dr.Farouq. There were young boys together with young girls in this room.
