THE BOOTLICKING KUFR OF REVEREND ABRAHAM BHAM

In the name of the bogus '*jamiatul ulama south africa*', the NNB jamiat (No Name Brand jamiat) of Fordsburg, in a circular by the Reverend Bham urges all Muslims to enrol as voters and to vote in the elections of the country.

The most despicable act of kufr committed by this vile reverend cross-worshipper masquerading as a Muslim, is his citation of a Qur'aanic Aayat to canvass for his haraam propagation of voting. This miserable Agent of Iblees citing the following Aayat: "*You are the best nation evolved for mankind. You enjoin what is right and forbid what is wrong and believe in Allah...*", avers:

"By actively participating in elections, we are also able to exercising our duty of enjoining what is right and forbidding what is wrong."

This satanic interpretation and mangling of Allah's Qur'aan portrays the degree of kufr into which this miserable Agent of Iblees has sunk. Every Muslim, be he a jaahil, understands well the purport of the aforementioned Qur'aanic Aayat which provides absolutely not the slightest vestige of substantiation for participating is a haraam

VOTING IN THE ELECTIONS

election is bedevilled with only fisq, fujoor and kufr.

The *Amr Bil Ma'roof Nahy Anil Munkar* mentioned in the Aayat pertains strictly to only the *Ahkaam* of the Shariah. There is no support whatsoever in this Aayat or in any other Aayat for participation in elections of the kuffaar which have no truck with Islam.

The shaitaan equates democracy to Islam. He lauds praise for the kufr concept – for a concept which actively promotes homosexuality, lesbianism, abortion and a variety of other evils which are haraam in terms of Allah's Law. This vile *shaitaanul ins* is luring Muslim women into the public to engage in acts of zina. A woman who ventures into the public to vote is like a *zaaniyah* in terms of the Shariah.

SALAAT BEHIND THIS AGENT OF SHAITAAN IS NOT VALID. ANYONE SUFFERING THE CALAMITY OF PERFORMING SALAAT BEHIND THIS ENEMY OF THE DEEN SHOULD REPEAT HIS SALAAT.
