

MJC, SANHA, NIHT and the entire vile conglomerate of carrion and pork halaalizers are 100% responsible for the haraam pork and carrion which tens of thousands of Muslims were devouring for years and are still currently devouring. The Orion Cold Storage is NOT blameworthy for the pork and carrion which MJC and SANHA have fed the community. The shocking malpractices perpetrated by Orion were condoned, legalized and halaalized directly by MJC, and indirectly by SANHA and NIHT. The non-Muslim Orion Company cannot be accused for the haraam rubbish and filth of halaalized pork and carrion it was producing on the strength of the MJC's haraam 'halaal' certification.

SANHA, not being directly involved with Orion, considering it a wonderful opportunity to get at the MJC's throat and to redeem its rotten carrion image, jumped on the bandwagon advertising itself as the knight in shining armour whereas it is a stinking coward emitting foul stenches just as the rotten pork and carrion which the MJC was halaalizing for Orion. The behind-the-scenes cloak and dagger plots against the MJC in which SANHA is involved are no secret. In jumping on

the bandwagon, SANHA was not motivated by any Deeni concern or the fact that Muslims were devouring MJC halaalized pork and carrion.

SANHA at its halaalized carrion plants such as Rainbow, Earlybird and numerous others, is guilty of similar malpractices perpetrated by the MJC who has been caught with its pants down and its satr ghaleez exposed in public. Just as the MJC had been halaalizing carrion, so too has SANHA been halaalizing billions of haraam, rotten, diseased carrion chickens at the various kuffaar chicken-killing facilities of the kuffaar. Today SANHA is accusing the MJC of the very same haraam malpractices which we and others have levelled against SANHA in its carrionhalaalizing

industry. A couple of years ago SANHA had also crucified the MJC in a secret 220 page report in which SANHA had highlighted haraam practices perpetrated by the MJC – such malpractices which it (SANHA) has been regularly committing and for which there exists a mountain of evidence.

In the current pork-carrion scandal, SANHA mentions the following haraam practices committed by the MJC certified Orion Cold Storage:

1. Importation of Irish and Belgian pork products and re-labelling them as Halaal sheep/veal products.
2. Importation of Australian Kangaroo meat and re-labelling it as Halaal beef trimmings.
3. Importation of Canadian dairy powder for animal feed and re-labelling it as Halaal skim milk powder.
4. Importation of non Halaal Spanish poultry products and re-labelling them as Halaal.

With the greatest confidence and brazen audacity, Orion has calmly and systematically pursued its practice of halaalizing pork and carrion. This was possible solely on account of the 'halaal' certification of the MJC shaitaan. The fact that the MJC certified the filth of Orion should not be overlooked. It was this halaalization which emboldened the malpractices of Orion. The kuffaar meat companies have absolutely no respect for these mercenary carrion halaalizers such as

MJC,

SANHA and NIHT. They have understood that the primary objective of these vile bodies is the boodle. The lining of MJC pockets with haraam money by Orion had secured the MJC's silence and co-operation in the satanic process of halaalizing pork and carrion. Had this confounded haraam 'halaal' certificate industry not existed, problems of this nature would not have developed.

SANHA should shame itself for saying about Orion: "...the company has not accepted responsibility, tendered any sincere apology, shown any remorse or taken positive action towards

prevention of same and reparation." Why should the non-Muslim company feel any remorse and tender any apology? It pays the MJC lucratively for the scraps of 'halaal' certificates to market its

pork and carrion. Muslims or so-called Muslims in the form of MJC had halaalized the pork and carrion. The Muslim public had been devouring with relish the pork and carrion. They took pleasure in consuming the filth which only vultures may devour. They now have no right to make

a scapegoat out of Orion for their own foul misdeeds. The true culprits and horrible shayaateen in

the saga are MJC, SANHA and NIHT. These are the devils who have desensitized the Imaan of the

carrion-consuming Muslim public. They have totally destroyed whatever inhibitions Muslims once upon a time cherished for buying meat from non-Muslims.

If anyone has to regret and offer apologies, it is the pork and carrion halaalizing conglomerate consisting of MJC, SANHA and NIHT. These shayaateen in human form have not only opened the

door for the deluge of this pork-carrion consuming fitnah, they have actively promoted it. Let no one labour under any misconception regarding SANHA who is making stupid, hypocritical noises

about Orion. SANHA is guilty of the same malpractices perpetrated by the MJC, and which allowed Orion to so brazenly market pork and carrion as halaal. Orion is a non-Muslim entity pursuing only monetary gain. The Deeni goals which motivate genuine Muslims are foreign to SANHA. The non-Muslim entity would be insane to regret and express a stupid apology for deeds which are perfectly valid in the non-Muslim's concept of trade and endeavour to make money in an easy and most profitable way.. But the shayaateen MJC, SANHA and NIHT need to

be flayed alive, crucified and excommunicated.

SANHA has a string of Orion type of carrion scandals and stinking skeletons in the cupboard.

Rainbow, Earlybird, Anchor and many others are some of the haraam carrion skeletons in SANHA's cupboard of infamy.

SANHA claims: "It (SANHA) does not accept nor condone certification granted at port of entry on "paper verification" of certificates granted by foreign certifiers whose bonafides are questionable and are visited once in several years."

If SANHA has any guts it should name and shame the MJC and all those entangled in the pork-carrion mess. Who was guilty of "paper verification"? Why does SANHA not name the

MJC? Furthermore, SANHA's entire carrion halaalizing industry in which thousands of haraam 'halaal' certificates have been churned out is pure "paper verification". The whole satanic carrion cauldron in which SANHA and its illegitimate sisters are boiling pivots on "paper verification". In the field – in practical terms, all the chickens and meats produced by kuffaar and which they certify, is haraam carrion. Muslims are duped with this accursed "paper verification" skulduggery.

It is humbug piled on humbug.

SANHA is seeking to pull wool over the eyes of the Muslim community with its indirect inveiglement of the MJC with the "paper verification" accusation. SANHA is now accusing the MJC of relying on 'halaal' certificates which the kuffaar present at port of entry. Such 'halaal' certification for pork and carrion consignments are issued by SANHA's illegitimate counterparts in other countries which export pig and carrion products to South Africa as 'halaal'. When these carrion and swine products arrive in South Africa, the kuffaar at Orion produce the scraps of toilet paper which certify the filth as 'halaal'. On the basis of such scraps of toilet paper, the MJC certifies as 'halaal' the pork and carrion products. This is what SANHA describes as "paper verification" which is the basis for the MJC's halaalization of the overseas carrion and pork products.

While SANHA accuses the MJC of this despicable crime – a crime of which MJC is undoubtedly guilty – SANHA is no different. It is involved in similar haraam practices on which pivots its halaalization of carrion products. Thus, Earlybird carrion chickens certified by the MJC is 'approved' by SANHA despite the fact that SANHA's much-vaunted 'supervision' of Earlybird chicken killing plants is a stinking 0%. There is documentary evidence to prove this fact. It has already been proven and published. The entire confounded haraam 'halaal' certificate industry which halaalizes carrion products hinges on "paper verification". The consumer buys and devours SANHA's halaalized filth purely on the basis of "paper verification". The whole haraam structure of the carrion halaalization industry operated by the conglomerate of mafia characters rests on "paper verification", yet SANHA in pursuit of its personal haraam agenda is desperately struggling to deflect the focus from its own haraam operation to the MJC who has been caught with its pants down.

With extreme audacity and skulduggery, SANHA poses the question: "Is this (i.e. the MJC's Orion scandal) the tip of the iceberg on the importation of meats of dubious source into our country? Based on its many observations of practices in the countries exporting meat to South Africa, from inception over a decade and half ago, SANHA has not approved of any imports." May the CURSE of Allah Ta'ala settle on this carrion halaalizer! For more than 15 years on the basis of its own admission, SANHA has been aware of the veritable iceberg, not only the 'tip', yet it has not informed the Muslim community of the carrion and pork which the MJC had been certifying on the basis of "paper verification". Whilst SANHA had all along been aware of the rot and haraam of the carrion and pork imports, it had 'judiciously' abstained from the charade which it is enacting presently regarding the Orion-MJC scandal. Although SANHA did not certify the carrion imports which the MJC was certifying on the basis of "paper verification", its unholy alliance with the MJC and approval of MJC certified carrion plants make SANHA

complicit with the MJC in the perpetration of the haraam carrion-pork villainy. Despite being fully aware for more than 15 years that the MJC was certifying carrion, both local and imported, SANHA continues approving the carrion products certified by the MJC. Why does SANHA approve of MJC carrion chickens despite its awareness of the MJC's carrion track record which SANHA itself had exposed and highlighted in its 200 page secret carrion report which it had concealed from the Muslim public?

SANHA has all along been in cahoots with the MJC, whether by design or force of circumstances, in the halaalization of carrion. Despite SANHA's inveterate hatred for the MJC, it has retained an uncomfortable haraam relationship with the MJC. The boodle has been the unifying element. SANHA certifies numerous retail outlets dealing in MJC carrion chickens, hence the justification for maintaining the illegitimate, shaky relationship.

In another desperate attempt to burnish its rotten image as the 'king' in the halaalization business, SANHA states: "This saga (i.e. the Orion-MJC scandal) of devious deception vindicates

our position." Deception is always devious. SANHA is the prime perpetrator of deviousness and deception by misleading and deceiving Muslims into believing that the haraam carrion chickens and meat products it certifies are 'halaal'. For the MJC's certification of Orions pork and carrion products, SANHA deemed it appropriate to condemn with the strong terms, 'devious' and 'deception'. Yet SANHA had not breathed a word of MJC's 'deception' and 'deviousness' in all the years. SANHA had preferred to adopt cloak and dagger methods against the MJC with a low

scale, behind the scenes war against the MJC while SANHA had no care for the carrionconsuming

Muslim community deceived and duped by MJC certification. The carrion-pork stench of the halaalization industry has overwhelmed the community and the ultimate consequence

of the satanic industry will be for the mafia gang of carrion-halaalizers to hang upside down in Hell-Fire.

To project an image of piety, SANHA the carrion-halaalizer, speciously states: "Don't run into any icebergs that compromise your Imaan." What relationship does this vile carrion purveyor have with Imaan? For more than 15 years has SANHA exsiccated and corrupted the Imaan of thousands of Muslims by feeding them haraam carrion labelled 'halaal'. It has scandalously perpetrated crimes worse than thousands of acts of adultery. It is guilty of perpetrating unforgivable acts which bring destruction to Akhlaaq and Imaan. There can be no worse crime than the wholesale halaalization of carrion products, feeding the Muslim community with rotten and diseased carrion filth thereby utterly ruining their Imaan. SANHA has no conception of Imaan.

The MJC-Orion pork and carrion scandal should jolt Muslims into the realization that all certifiers of kuffaar meat products are scoundrels of the worst order. They should never be trusted. The word of the kuffaar has greater credibility than the word of these munaafiq traitors who masquerade as Muslims – who swindle Muslims – who suck from them haraam boodle on the basis of their evil "paper verification" industry which halaalizes pork and carrion meat products.

The destruction to Imaan wrought by the carrion-halaalizers is infinitely worse than the

destruction which the Mongols afflicted on the political empire of Islam.

“Therefore, eat from the lawful (halaal) and wholesome (tayyib) things which Allah has provided for you, and be grateful for the bounty of Allah if indeed you worship Him Alone. Verily, Allah has forbidden to you only blood, the flesh of swine and that which has been slaughtered for anyone besides Allah. (which includes halaalized carrion) And, do not say for the falsehood which your tongues fabricate that this (carrion/pork) is halaal and this (i.e. what Allah has made lawful) is haraam, thereby fabricating on Allah lies. Verily, those who manufacture lies (with halaal certificates) on Allah, they will not prosper.” (An-Nahl, 114, 115, 116)
