SATANIC DECEPTION BY THE HARAAM SO-CALLED

'AL-FIDAA' FOUNDATION

A Port Elizabeth based haraam entity, labelling itself, '*al-fidaa' foundation*', whose primary function is to deceive the Muslim community for siphoning from it Zakaat and Lillah funds for shaitaani and nafsani utilization, has published a picture of a Masjid in the Ciskei region. It has called the Masjid

Ethembeni Masjid'.

Regarding this Masjid, the bogus, *al-fidaa' foundation* has made the following allegations:

"This was the first ever Masjid established in King Williams Town but is sadly in a very bad state. Almost all the windows and doors are broken, there are no lights or carpets."

The shaitaani objective of *al-fidaa' foundation* for having published the picture and the comment is for collecting funds – haraam funds – funds by deception – for its own shaitaani and deceptive agenda. For the edification of the Muslim community, it is essential to make known the following facts regarding the Masjid:

(1) The Name of the Masjid is *Al-Musjidul Awwal*. The Masjid was built by JUSA, i.e. the

Jamiatul Ulama of South Africa, (not the NNB jamiat bogus jamiatul ulama South Africa). The genuine JUSA was established in 1970. To this day, the Masjid is registered in the name of JUSA who in terms of the law is the legal owner of the Masjid.

(2) The Masjid was built in an area where not a single Muslim lived. The ground for the Masjid was presented by the then Chief of the Tembeni region. A low scale Maktab has continued to operate ever since the Masjid's establishment.

(3) Brother Luqmaan and Brother Feisal have been in charge of the Masjid ever since its establishment, and they remain in charge to this day.

(4) Since 1980 until 2018, i.e. for 38 years, when there was not a single Muslim living near to the Masjid, there never was a single case of vandalization at the Masjid. Money has been spent regularly on the maintenance and improvement of the Masjid. Despite no guard/watchman living on the premises, the Masjid was never vandalized nor was a single item stolen from the Masjid over the past 40 years.

(5) The 'vandalization' and 'neglect' on which the haraam *al-fidaa' foundation* is surreptitiously seeking to capitalize for monetary objectives, have been orchestrated by a sinister group. Some members of this group are those whom we had sent from Tembeni to acquire Deeni Ilm at Isipingo Madrasah and elsewhere. This sinister group whose evil objective is to utilize this Masjid as a base for collecting funds to line their pockets, has orchestrated the 'vandalization' of the Masjid.

(6) Non-Muslims have not vandalized the Masjid nor stolen any of the items of the Masjid. The evil has been perpetrated by these evils persons posing as Muslims and even as maulanas. *Al-fidaa' foundation* has clambered aboard the bandwagon to serve its own pernicious agenda, and is utilizing the person called 'maulana muhsin mbotoli' to further its shaitaani aims and objectives. This 'maulana' has no relationship with the Masjid although we had sent him to acquire Ilm at Isipingo when he was a little child. But he has never ever been in the service of the Masjid nor was he a service to the community from where he hails in Tembeni.

The Jamiatul Ulama S.A. (JUSA) will, Insha-Allah, institute measures for the security and

better arrangement of the Masjid and its affairs. The Muslim community should not contribute a cent to any bogus characters, especially, Al-fidaa' foundation. JUSA has not appointed any person nor any organization to solicit funds for the Masjid. SO BEWARE OF THE BOGUS CHARACTERS
