## THE EVIL CONSEQUENCES OF SANHA'S CARRION CERTIFICATION

This is shocking!!!

"Tweet from @SANHA\_Halaal Foodlover's Westwood Mall, Westville KZN has used the SANHA logo at the butchery section. NO authorization given. Kindly beware!!!"

Our concern should be how many of our brothers and sisters have consumed haraam meat in Ramadan and what action has SANHA instituted against the miscreants, if any.

This is not the first time that kuffaar business outlets have made 'unauthorised' use of SANHA's carrion logo as well as the logos of other miscreant certifiers. The disturbing questions of concern are:

- How long has Westwood Mall been advertising its haraam carrion with SANHA's carrion logo?
- How many careless and fussiaaq Muslims have been consuming the carrion believing it to be 'halaal' on the basis of SANHA's logo?
- When was the discovery of the fraud made?
- Who discovered the fraud?
- How does SANHA propose purifying the bodies of those unfortunate Muslims who have devoured the carrion in SANHA's name?

Halaal certification has been and is being massively misused for feeding carrion to Muslims. This disease exists in every country where there are devilish entities such as SANHA, MJC and NIHT who halaalize carrion for the boodle.

One of the vilest myths and capital lies is the contention of supervision. There is NO supervision, and supervision of the zillions of stores and plants which prepare and sell certified carrion is a total impossibility. In fact, these certifying carrion shayaateen intentionally market haraam as 'halaal'. The recent conviction of a SANHA-type carrion authority in the U.S.A. is loud and conspicuous evidence for the carrion shenanigans of the Carrion Cabal. They have sold their Imaan for the miserable monetary gains of this dunya. The carrion industry has totally desensitized and destroyed their Imaani conscience, hence there is nothing to inhibit them from proclaiming confirmed haraam carrion as 'halaal'.

The addiction to money is just as drug addiction. SANHA, MJC, NIHT and the rest of the carrion clique conduct themselves just like atheists. It seems that they have no belief in the accountability of the Aakhirat. That is precisely why they have no concern whatsoever regarding all the filth and carrion they are halaalizing for Muslim consumption. They are signs of Qiyaamah, for Rasulullah (Sallallahu alayhi wasallam) said that an age will dawn when people will not be concerned with halaal and haraam. The objective will be only the money regardless of the manner in which it reaches them. The conduct of SANHA and its sister carrion entities testifies to the truth of this Hadith.

**ALL CHICKEN AND MEAT PRODUCTS SOLD BY NON-MUSLIM SHOPS, RESTAURANTS, SUPERMARKETS, ETC. ARE HARAAM REGARDLESS OF THE CERTIFYING ENTITY. DO NOT TRUST ANY 'HALAAL' LOGO.**

**ALL COMMERCIALLY PREPARED CHICKEN AND POULTRY PRODUCTS ARE HARAAM CARRION. CONSUMPTION OF CARRION CAUSES PHYSICAL AND SPIRITUAL DISEASES.**

**CANCER IS ONE OF THE MANY DISEASES STEMMING FROM DEVOURING BROILER CHICKENS. EVEN THE EGGS OF THESE CHICKENS ARE POISONOUS.**
