

SULIMAN MOOLA – ANOTHER MUDHIL DUPER

A Brother from Canada complains:

Respected ulama, Assalaamualaikum

I make dua you all are in the best of health imaan and serving the beautiful deen of Islam. I relocated to Canada many years back. I was inspired to becoming a better muslim by Sh Palan Haqqani whom many of you might have heard about. I have been contemplating for a while to put my thoughts into words, and it all stemmed when I attended the seerah programme at Nurul Islam in Lenasia whilst visiting family.

One of the keynote speakers in Lenasia was Sh Sulaiman Moola as well as others. I heard him a few times in Canada. However, when I made enquires from family they said he's a graduate of a Darul Uloom in Johannesburg. While sitting and listening to his speech, I observe that he makes a lot of jokes and some of them are too explicit, especially the marriage jokes. I overheard, whom I assume were ulama, speaking about the programme being videoed. A graduate said that Madrasah Zakariyya sanctioned it and are fully supportive of Sh Sulaiman Moola going on TV and attending the ris conference and it's likes where there are TV stations, photography, mixed gatherings, free intermingling and the list goes on.

During the lecture an Alim said that Madrasah Zakariyya issued a fatwa against TV. So my question is why the double standards? On the one hand you condemn TV and then you allow your prized speaker to go on TV. You might say that's his personal decision but remember he's part of your institution. Sh Moola has suddenly taken title of 'sheikh'. What happened to the 'Moulana' title that great Ulama kept close to their hearts?

I believe he is given a platform in many Masjids in this country. He's buddy is Sh Menk who has duped this innocent Sh Moola into this frenzy. I was taught that to trim the moustache as much as possible is Sunnah. However I see he grows it similar to Salafis. If you view his twitter account he posts when he boarded the flight etc., .I think it's just a matter of time when he posts what he ate also. (*And how he answered the call of nature –The Majlis*). Who wants to know your personal schedule? ,It may be good for you.

People might feel I might have a personal issue with him. However, I find this to be a difficult situation to reconcile as he has adopted the style of the modern 'scholars'--- and he still is given a post to lecture in a Darul Uloom! Please shed your advice and comments on this issue. From a thorn in a rose garden.”

(End of the Brother's lament.)

COMMENT

To assuage the disgust and hurt caused to sincere Muslims by the *mudhilleen* molvis and sheikhs , it should be remembered that Rasulullah (Sallallahu alayhi wasallam) was the greatest and the final Nabi of Allah Ta'ala. One of the proofs of Nubuwwat is the fulfilment of predictions. Rasulullah (Sallallahu alayhi wasallam) had predicted that the approach of Qiyaamah will be heralded by the preponderance of the ulama-e-soo' – such molvies and sheikhs who *“will be the worst of people under the canopy of the sky. From them will emerge fitnah and the fitnah will hem them in.”*

They will be *MUDHILLEEN*, i.e. imaams, molvis and sheikhs who will mislead the ummah. They will be the pavers of the path of Jahannam for the ignorant masses. They are the likes of the Satanists such as Menk & Moola.

Rasulullah's predictions are attaining fulfilment in the appearance of these cranks who dupe the

ignorant masses with the glibness of their tongues. Their objective is nothing but the dunya, for that reason it is seen that both Menk & Moola perform like clowns for the gallery. They make fools of themselves with their rotamonde attitude. They exhibit their ugly snouts on the zina-porn media such as facebook and television. They betray Allah Ta'ala, the Deen and the Ummah in the name of Islam. They are wolves devouring the Imaan of the ignorant masses intoxicated with bestial lust.

The Menk & Moola types of clowns come fully within the glare of the Qur'aanic aayat: ***“Thus, have We (i.e. Allah Ta'ala) made for every Nabi enemies from among the ins (human beings) and jinn. They mutually whisper to one another (satanically) adorned deceptive statements.”***

Their cult is Satanism, hence they behave like Satanists, using the name of Islam to hoodwink the ignorant ones. The Darul Uloom which employs the Moola character is rendering a great disservice to Islam and the Ummah. Retaining the services of this charlatan performer, is to bestow recognition and respect to a faasiq/faajir who robs Muslims of their Imaan. These characters present fisq and fujoor in the guise of 'deen'. The masses love fisq and fujoor, for they are the slaves of the nafs, hence they have applaud for those wolves which are leading them to Hell-Fire.

The disappearance of the 'Maulana' title, and the appearance of the Salafi moustache speak volumes for the metamorphosis which his heart and brain have undergone. He has been duped and he dupes others. We are not aware if he is a follower of the Menk clown or a competitor in the zone of cheap publicity.

While we too lament and grieve the misfortune Muslims are suffering in the wake of the appearance of these fussaag clowns who trick and hoodwink the ignorant ones with their coonery, we gain intellectual consolation from the fulfilment of Rasulullah's predictions which attest to the Truth of his Nubuwwat. May Allah Ta'ala save the Ummah from these shayaateen in human form.
