QUESTION: WILL THERE EVER BE A RESOLUTION FOR THE CHICKEN CONTROVERSY? IT IS DISTRESSING THAT ULAMA ARE UNABLE TO RESOLVE ACCORDING TO THE SHARIAH WHETHER THE CHICKENS ARE HARAAM OR HALAAL.

ANSWER: The problem is that those who are proclaiming the chickens 'halaal' are not Ulama. They are shayaateenul ins (human devils). The inordinate craving for money has corrupted their intelligence and severely tarnished their Imaan. They have lost all Imaani direction and feeling. They are blinded by their lust for money. Just view the recent conduct of the MJC carrionhalaalizer.

SANHA, the other carrion-halaalizer was recently compelled beyond its desire to withdraw its haraam 'halaal' certificate from ANCA carrion-chicken killing facility. For weeks SANHA was dithering and endeavouring to keep the lid down to suppress the explosive carrion-rot

which could no longer be held down.

Meanwhile, the MJC carrion-halaalizer was slinking in the shadows, silently observing the Sanha-Anca saga. MJC's eye-balls were rolling with monetary lust and its mouth was watering in

anticipation of the withdrawal of the certificate by SANHA. When ANCA's carrion najaasat could no longer be suppressed, SANHA was forced to withdraw its confounded haraam certificate.

The

moment SANHA withdrew its certificate, MJC without shame, without utilizing its dense brains and without the slightest qualm rushed madly and blindly into ANCA's office and issued the carrion plant a 'halaal' certificate to replace SANHA's 'halaal' certificate.

These Haraam carrion-halaalizers while putting up a public front of mutual co-operation for the sake of ensuring that the carrion industry progresses smoothly, are mortal enemies. MJC accuses

SANHA of poaching in its territory while SANHA has appointed a special committee whose only function is to keep MJC and other carrion-halaalizers under observation and to spy on them. In SANHA's own words, the special-task force it has established has to shadow its 'competitors' in the carrion industry.

Now when this is their evil condition, there can never be a satisfactory resolution. As far as the carrion-gang is concerned, it is not a matter of Shar'i import. It concerns their pockets –it is a matter

of money. Their hearts are totally bereft of fear for Allah Ta'ala and they have no idea of the meaning of Hisaab (Accountability and Reckoning) in the Aakhirah.

Despite this rotten situation which MJC and SANHA are perpetuating, people of intelligence can clearly see where the Haqq is – who is proclaiming the Haqq and who is following in Shaitaan's footsteps, feeding Muslims rotten, diseased, haraam carrion. For the benefit of the Muslim community we reiterate the EVIDENCE which conclusively proves that all processed chickens killed in the non-Muslim carrion facilities are HARAAM MAITAH.

THE PRIMARY REASONS FOR THE CHICKENS BEING HARAAM CARRION

- 1) Almost total abandonment of Tasmiyah.
- 2) Millions of chickens die before slaughter as a consequence of the electrical shocking.
- 3) The requisite neck vessels of millions and millions of chickens are not severed.
- 4) The chickens are immersed in blood and faeces filthied scalding water prior to removal of the entrails.
- 5) Absolutely no halaal chain. After the point of killing, the chicken carcasses are 100% in the possession and control of non-Muslims.

THE AGGRAVATING FACTORS

- a) The total – 100% - displacement of the Waajib Shar'i system of Thabah.
- b) All chickens are brutally shocked prior to the devil's kill.
- c) All the chickens are hung upside down and moved on a conveyor belt moving at tremendous speed.
- d) Each slaughter has to kill up to 60 chickens a minute.
- e) The incumbent Shar'i practice of facing the chickens towards the Qiblah is totally abandoned. Chickens are killed in motion at tremendous speed.
- f) Innumerable chickens whilst still alive are plunged into the filthy scalding water-tanks for defeathering.
- g) No Jumuah and no Eid Salaat for the slaughterers. This has been the permanent practice for years. Even in Ramadhaan there is no change in the system.
- h) The majority of slaughterers totally unfit and Islamically disqualified. Many smoke dagga and are on drugs.
- i) Almost all the chickens are diseased. Non-Muslim experts have confirmed that consumption of the diseased carrion meat causes cancer, heart diseases, salmonella, etc.

THE IRREFUTABLE EVIDENCE

- A. Inspections by Ulama and others who are not connected with the carrion industry.
- B. Dozens of sworn and signed affidavits by slaughterers of several certified chicken killing facilities.
- C. Investigations conducted by even non-Muslim experts.
- D. Many Inspections conducted by SANHA of MJC certified carrion plants.
- E. Inspection by NIHT of a SANHA certified carrion plant.
- F. Inspection conducted by Jamiatul Ulama KZN who at the time was an executive member of SANHA.
- G. Minutes of a secret meeting of NNB Jamiat and Jamiatul Ulama KZN at the Johannesburg airport.
- H. A comprehensive Fatwa-statement of Maulana Yunus Patel, the then President of Jamiatul Ulama KZN.
- I. Letters of complaint by The MJC-appointed supervisors at Early Bird chicken-killing facilities.
- J. Letter of complaint of the MJC to Early Bird Farms.
- K. Affidavits of slaughterers stating SANHA's attempt to pressurize them to sign fraudulent affidavits.
- L. SANHA's 223-page secret Inspection Report in which the MJC is crucified for certifying haraam carrion.
- M. The horror of the 'reworking' of rotten carrion chickens – removal of the plastic wrappings after expiry date, pumping the carrion with chemicals and washing with chlorine poison. The

had thoroughly exposed this abomination occurring at Supreme Poultry certified by MJC. This rotten saga is still proceeding.

N. SANHA being forced to withdraw ANCA's certificate because non-Muslims were slaughtering the chickens. This is a norm in all the carrion plants which these carrion-halaalizers are certifying.

O. Almost totally no supervision. The Supreme Chicken horror and the non-Muslim killers at ANCA are further confirmation for the almost total absence of Muslim supervision.

P. Natural Intelligence which confirms the total impossibility of fulfilling the fundamentals of Shar'i Thabah in the appallingly haraam scenario in which the chickens are cruelly reared, brutally

killed and marketed.

WHEN YOU CONSUME COMMERCIALY KILLED CHICKEN MEAT, THEN REFLECT FOR A MOMENT

AND UNDERSTAND THAT YOU ARE CONSUMING DISEASED, POISONED, ROTTEN, HARAAM

CARRION UNFIT FOR EVEN DOGS ACCORDING TO THE SHARIAH.
